British Columbia Lottery Corporation

Management Report

The Consolidated Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with International Financial Reporting Standards and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all the statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the consolidated financial statements.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Directors is responsible for the oversight of management including its policies related to financial and risk management issues and oversight of the overall risk profile. The Board Audit Committee assists in the review of financial risks. The Audit Committee also oversees and reports back to the Board on the review of the Corporation's information systems, risk management function and internal controls in order to obtain reasonable assurance that such systems are operating effectively to produce accurate, appropriate, and timely management and financial information. The Audit Committee meets with management, the internal auditors and the external auditors as required.

The Corporation has internal audit services and a dedicated risk manager to ensure that a high priority is placed on all operational aspects of risk management, control, and compliance.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the consolidated financial statements. Their examination does not relate to the other schedules and statements required by the Act. Their examination includes a review of the Corporation's system of internal controls and appropriate tests and procedures to provide reasonable assurance that the consolidated financial statements are presented fairly. The external auditors have full and free access to the Audit Committee of the Board and meet with it on a quarterly basis.

On behalf of British Columbia Lottery Corporation,

Jim Lightbody
President and CEO

Amanda Hobson
Vice President, Finance and Corporate Services and CFO

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The consolidated financial statements of BCLC have been prepared by management in accordance with International Financial Reporting Standards. The consolidated financial statements present fairly the consolidated financial position of BCLC as at March 31, 2015, and the results of its consolidated financial performance and cash flows for the year then ended.

Management is responsible for the integrity of the consolidated financial statements and has established systems of internal control to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and financial records are properly maintained to facilitate the preparation of reliable financial information in a timely manner.

KPMG, LLP, Chartered Accountants have performed an independent audit of BCLC and expressed an unqualified opinion on the consolidated financial statements of BCLC.

INDEPENDENT AUDITORS' REPORT

To the Directors of and Minister Responsible for British Columbia Lottery Corporation

We have audited the accompanying consolidated financial statements of British Columbia Lottery Corporation, which are comprised of the consolidated statement of financial position as at March 31, 2015, the consolidated statements of comprehensive income, changes in deficit and cash flows for the year then ended, and notes, which are comprised of a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of British Columbia Lottery Corporation as at March 31, 2015, and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards.

See accompanying notes to consolidated financial statements.

1. Reporting entity:

British Columbia Lottery Corporation (BCLC or the Corporation) is a Crown corporation of British Columbia (B.C.). BCLC was incorporated under the *Company Act* (B.C.) on October 25, 1984, and is continued under the *Gaming Control Act* (B.C.). The address of BCLC's registered office is 74 West Seymour Street in Kamloops, B.C., Canada. As an agent of the Crown, the Government of British Columbia has designated BCLC as the authority to conduct, manage and operate lottery schemes on behalf of the Government of British Columbia, including lottery, casino, bingo and internet gaming (eGaming) activities. BCLC is also the regional marketing organization of B.C. for national lottery games which are collective undertakings by the provinces of Canada acting through the Interprovincial Lottery Corporation (ILC).

As BCLC is an agent of the Crown, it is not subject to federal or provincial corporate income taxes.

2. Basis of preparation:

A. STATEMENT OF COMPLIANCE:

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS).

The consolidated financial statements were authorized for issue by BCLC's Board of Directors (the Board) on May 14, 2015.

B. BASIS OF MEASUREMENT:

The consolidated financial statements of the Corporation have been prepared on a historical cost basis except for employee future benefit plan assets, which are recognized as the fair value of plan assets less the present value of the defined benefit obligation and are limited as explained in note 4(E)(iii).

C. FUNCTIONAL AND PRESENTATION CURRENCY:

These consolidated financial statements are presented in Canadian dollars, which is the Corporation's functional currency. All financial information has been rounded to the nearest thousand dollars.

D. USE OF ESTIMATES AND JUDGMENTS:

The preparation of the consolidated financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

2. Basis of preparation (continued):

D. USE OF ESTIMATES AND JUDGMENTS (continued):

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Information about judgments made in applying accounting policies that have the most significant effects on the amounts recognized in the consolidated financial statements is included in the following note:

- Consolidation: determination of control over an investee (note 4(A))

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment within the next fiscal year is included in the following note:

- Measurement of defined benefit obligations: key actuarial assumptions (note 9)

3. Changes in accounting policies:

Except for the changes below, the Corporation has consistently applied the accounting policies set out in note 4 to all periods presented in these consolidated financial statements.

The Corporation has adopted the following amendments to a standard with a date of initial application of April 1, 2014.

- Amendments to IAS 32 *Financial Instruments: Presentation* (IAS 32).

The nature and effects of the changes are explained below.

The amendments to IAS 32 clarify:

- the meaning of ‘currently has a legally enforceable right of set-off;’ and
- that some gross settlement systems may be considered equivalent to net settlement.

As a result of the amendments to IAS 32, the Corporation has reviewed its presentation of offsetting its financial assets and financial liabilities and there is no significant impact to the existing presentation as a result.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

4. Significant accounting policies:

Except for the changes explained in note 3, the Corporation and its subsidiary have consistently applied the following accounting policies to all periods presented in these consolidated financial statements.

A. BASIS OF CONSOLIDATION:

The Corporation controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The consolidated financial statements include B.C. Lottotech International Inc., a wholly-owned Canadian subsidiary of BCLC. Intercompany transactions and balances are eliminated on consolidation.

B. CASH EQUIVALENTS:

Cash equivalents include Canadian money market funds (overnight deposits) with financial institutions having original maturity dates of three months or less from the acquisition date, which are subject to an insignificant risk of changes in their fair value, and are used by the Corporation in the management of its short-term commitments. Canadian money market funds are highly liquid and form an integral part of the Corporation's cash management.

C. FINANCIAL INSTRUMENTS:

The Corporation classifies its non-derivative financial instruments into the following categories: fair value through income, loans and receivables, held-to-maturity financial assets, available-for-sale financial assets and financial liabilities measured at amortized cost. The classification depends on the purpose for which the financial instruments were acquired.

i. Non-derivative financial assets:

The Corporation initially recognizes loans and receivables on the dates that they originate.

The Corporation derecognizes a financial asset when the contractual rights to the cash flows from the asset expire or are settled.

The Corporation has the following non-derivative financial assets: loans and receivables.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

4. Significant accounting policies (continued):

C. FINANCIAL INSTRUMENTS (continued):

i. Non-derivative financial assets (continued):

Loans and receivables

Loans and receivables are financial assets with fixed or determinable payments that are not quoted in active markets. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and receivables are measured at amortized cost using the effective interest method, less any provision for doubtful debts and impairment losses (see note 4(H)). Amortized cost is determined with reference to any discounts or premiums on acquisition over the period to maturity.

Loans and receivables are comprised of cash and cash equivalents, accounts receivable and the receivable from the Interprovincial Lottery Corporation.

ii. Non-derivative financial liabilities:

All financial liabilities are recognized initially on the trade dates, which are the dates that the Corporation becomes a party to the contractual provisions of the instruments.

The Corporation derecognizes a financial liability when its contractual obligations expire, are discharged or are cancelled.

The Corporation classifies non-derivative financial liabilities into the other financial liabilities category. Such financial liabilities are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest method with interest expense recognized in income in the period in which it is incurred. The Corporation's non-derivative financial liabilities are comprised of cheques issued in excess of funds on hand, prizes payable, accounts payable, accrued liabilities and other, short-term financing and due to the Government of British Columbia.

4. Significant accounting policies (continued):

C. FINANCIAL INSTRUMENTS (continued):

iii. Offsetting:

Financial assets and financial liabilities are offset and the net amount presented in the consolidated statement of financial position when, and only when, the Corporation has a legal right to offset the amounts and intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

D. INVENTORIES:

Inventories are measured at the lower of cost, determined on a weighted average or first-in, first-out basis and net realizable value.

The cost of inventories is comprised of directly attributable costs and includes the purchase price plus other costs incurred in bringing the inventories to their present locations. Inventories are written down to their net realizable values when the cost of the inventories is estimated not to be recoverable through use or sale.

E. EMPLOYEE FUTURE BENEFITS:

i. Short-term employee benefits:

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid under short-term incentive plans if the Corporation has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

ii. Termination benefits:

Termination benefits are recognized as an expense at the earlier of when the Corporation can no longer withdraw the offer of those benefits and when the Corporation recognizes costs for a restructuring. Benefits payable are discounted to their present value.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

4. Significant accounting policies (continued):

E. EMPLOYEE FUTURE BENEFITS (continued):

iii. Defined benefit plans:

The Corporation's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of benefit payable in the future that employees have earned in return for their service in the current and prior periods. That benefit is then discounted to determine its present value and the fair value of any plan assets are deducted.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Corporation, the recognized asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Re-measurements of the net defined benefit liability (asset), which are comprised of actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognized immediately in other comprehensive income (OCI). BCLC determines the net interest expense (income) on the net defined benefit liability (asset) for the period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognized in income as employee costs.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in income. The Corporation recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

4. Significant accounting policies (continued):

F. PROPERTY AND EQUIPMENT:

The Corporation's property and equipment are recorded at cost less accumulated depreciation and any accumulated impairment losses.

Cost includes expenditures that are directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials, direct labour and any other costs directly attributable to bringing the assets to a working condition for their intended use. Borrowing costs related to the construction of qualifying assets are capitalized. Capitalized direct labour is comprised of short-term employee benefits for employees working directly on the construction of the qualifying asset.

When major components of an item of property and equipment have different useful lives, they are accounted for as separate items of property and equipment.

Land and assets under construction are not depreciated. The cost of other assets is depreciated over their estimated useful lives on a straight-line basis, beginning when they are available for use. Depreciation is based on asset cost less estimated residual value and based on the following estimated useful lives:

Asset	Rate
Corporate facilities, systems and equipment	3 to 20 years
Lottery gaming systems and equipment	5 years
eGaming systems and equipment	3 to 5 years
Casino and community gaming systems and equipment	3 to 10 years

The residual values, depreciation methods and useful economic lives of property and equipment are reviewed annually and adjusted if appropriate.

G. INTANGIBLE ASSETS:

Expenditures incurred in the development or acquisition of computer software products or systems that will contribute to future economic benefits through revenue generation and/or cost reduction are capitalized as intangible assets. Other development costs are recognized in income as incurred.

Development expenditures are capitalized only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the Corporation intends to and has sufficient resources to complete development and to use or sell the asset.

4. Significant accounting policies (continued):

G. INTANGIBLE ASSETS (continued):

The cost of computer software and systems that are acquired by the Corporation includes the purchase price and any expenditure directly attributable to preparing the asset for its intended use.

Capitalized direct labour is comprised of short-term employee benefits for employees working directly on development. Borrowing costs related to the development of qualifying assets are capitalized.

Intangible assets are measured at cost less accumulated amortization and any accumulated impairment losses. Amortization is calculated using the straight-line method over the estimated useful lives of the assets (three to 10 years). The residual values, amortization methods and useful economic lives of intangible assets are reviewed annually and adjusted if appropriate.

H. IMPAIRMENT:

i. Financial assets:

Financial assets not classified as at fair value through income are assessed at each reporting date to determine whether there is objective evidence of impairment. An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount and the present value of estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognized in income. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through income.

ii. Non-financial assets:

The carrying amounts of non-financial assets, other than inventories and employee future benefit plan assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Intangible assets under development are tested annually for impairment. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows (cash generating units). An impairment loss is recognized for the amount by which the asset or cash generating unit's carrying amount exceeds its recoverable amount.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

4. Significant accounting policies (continued):

H. IMPAIRMENT (continued):

ii. Non-financial assets (continued):

The recoverable amount is the greater of an asset or cash generating unit's fair value less costs to sell and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash generating unit. Impairment losses are recognized in income and are reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation and amortization, if no impairment loss had been recognized.

I. PROVISIONS:

A provision is recognized if, as a result of a past event, the Corporation has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized in income as financing cost in other expenses.

J. REVENUE:

Revenue is measured at the fair value of the consideration received or receivable.

The Corporation's revenue recognition policies are as follows:

i. Revenue:

Revenue from lottery tickets is recognized at the date of the draw. Receipts for lottery tickets sold before March 31 for draws held subsequent to that date are recorded as deferred revenue.

Revenue, net of buybacks, for all instant ticket games is recognized at the time of the transfer of legal ownership to the retailer.

Revenue from slot machines, table games and eCasino is recognized, net of prizes paid, in the same period the game is played. Revenue is net of the change in liabilities under customer loyalty programs.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

4. Significant accounting policies (continued):

J. REVENUE (continued):

i. Revenue (continued):

Revenue from the operation of bingo games is recognized in the same period the game is played.

ii. Customer loyalty programs:

The Corporation has several customer loyalty incentive programs whereby patrons can receive free or discounted goods and services, and in some cases the right to receive cash. Some of the customer loyalty incentive programs allow customers to earn points based on the volume of play during gaming transactions. These points are recorded as a separate deliverable in the revenue transaction.

For programs that provide patrons the right to receive free or discounted goods or services (including free play), the revenue, as determined by the fair value of the undelivered goods and services, is deferred until the promotional consideration is provided.

For programs that provide the patron a right to receive cash, a financial liability is recognized initially at fair value, with the corresponding amount equal to the cash value, recorded as a reduction of revenue.

iii. Net win:

Net win represents gaming revenue net of prizes paid.

K. PRIZES:

Lottery and bingo prize expenses are recorded based on the actual prize liability experienced for each game.

Instant ticket games prize expenses are recorded at the theoretical prize liabilities for each game concurrently with the recognition of revenue. The actual expense incurred each year will vary from theoretical estimates based on the actual life cycle of the game. Over the life of a game, the actual prize expense will closely approximate the theoretical expense.

Unclaimed lottery prizes are recorded as prizes payable until the prizes are claimed, discontinued or expire. Expired prizes are recorded as reductions in prize expense and prize liability in the year of expiry.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

4. Significant accounting policies (continued):

K. PRIZES (continued):

Unclaimed prizes of national lottery games are administered by the Interprovincial Lottery Corporation.

Progressive jackpots:

The Corporation has several progressive jackpot games, each of which may be comprised of a seed (or base) as well as an incremental portion which increases by allotting a portion of each player's wager to the pot. BCLC recognizes such amounts as a prize payable at the time the Corporation has an obligation with regard to the jackpot funds.

L. COMMISSIONS:

Commissions paid to lottery retailers are based on revenue earned by BCLC. BCLC records these commission expenses as revenue is earned.

Commissions paid to gaming facility service providers, including commissions for facility development, are based on net win generated in accordance with underlying operating service agreements. BCLC recognizes commission expenses as net win is earned. Commissions for facility development are based on a commission structure employed by BCLC that enables gaming facility service providers to earn additional commission up to contractually determined limits.

M. LEASES:

At inception of an arrangement, the Corporation determines whether the arrangement is or contains a lease. Leases in which the Corporation assumes substantially all the risks and rewards of ownership are classified as financing leases. Upon initial recognition, the leased asset is measured at an amount equal to the lower of its fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset. Minimum lease payments made under financing leases are apportioned between the financing expense and the reduction of the outstanding liability. The financing expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

Leases other than financing leases are classified as operating leases and are not recognized in the consolidated statement of financial position. Payments made under operating leases are recognized in income on a straight-line basis over the terms of the leases.

4. Significant accounting policies (continued):

N. NEW STANDARDS ISSUED BUT NOT YET ADOPTED:

A number of new standards and amendments to standards are not yet effective and have not been applied in preparing these consolidated financial statements. Those which may be relevant to the Corporation are set out below. The Corporation does not plan to adopt these standards early.

i. *IFRS 9 Financial Instruments* (IFRS 9):

IFRS 9, published in July 2014, replaces the existing guidance in IAS 39 *Financial Instruments: Recognition and Measurement*. IFRS 9 includes revised guidance on the classification and measurement of financial instruments, including a new expected credit loss model for calculating impairment on financial assets. It also carries forward the guidance on recognition and derecognition of financial instruments from IAS 39. IFRS 9 is effective for annual reporting periods beginning on or after January 1, 2018, with early adoption permitted. At the date of these consolidated financial statements, the impact of this new standard is unknown. The Corporation plans to adopt this standard for its fiscal year ending March 31, 2019.

ii. *IFRS 15 Revenue from Contracts with Customers* (IFRS 15):

IFRS 15 establishes a comprehensive framework for determining whether, how much and when revenue is recognized. It replaces existing revenue recognition guidance, including IAS 18 *Revenue*, IAS 11 *Construction Contracts* and IFRIC 13 *Customer Loyalty Programmes*. IFRS 15 is effective for annual reporting periods beginning on or after January 1, 2017, with early adoption permitted. At the date of these consolidated financial statements, the impact of this new standard is unknown. The Corporation plans to adopt this standard for its fiscal year ending March 31, 2018.

The following new or amended standards are not expected to have a significant impact on the Corporation's consolidated financial statements.

- *Defined Benefit Plans: Employee Contributions* (Amendments to IAS 19).
- *Clarification of Acceptable Methods of Depreciation and Amortization* (Amendments to IAS 16 and IAS 38).
- *Disclosure Initiative: Amendments to IAS 1*.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

5. Financial risk management:

The Corporation has exposure to the following financial risks from its use of financial instruments: credit risk, liquidity risk and market risk.

This note presents information on how the Corporation manages those financial risks.

A. GENERAL:

BCLC's Board is responsible for the oversight of management including its policies related to financial and risk management issues and oversight of the overall risk profile.

The Board uses BCLC's Audit Committee to assist in the review of financial risks. The Audit Committee oversees and reports back to the Board on the review of the Corporation's information systems, risk management function and internal controls in order to obtain reasonable assurance that such systems are operating effectively to produce accurate, appropriate and timely management and financial information.

The Board uses BCLC's Risk Committee for monitoring the principal risks facing the Corporation. Strategic and business risks are also considered as part of the strategic and business planning processes. The Risk Committee oversees and reports back to the Board on the Corporation's risk management functions.

The Corporation has adopted a formal risk management strategy and process (in accordance with international risk management standards) to identify significant risks, to assess control systems and to adopt risk treatment plans when appropriate. Quarterly reports on risk management activities and the risk profile of the Corporation are produced for the Executive Committee and the Risk Committee.

The Corporation also has a division focused on corporate security and compliance. Further, the Corporation has internal audit services and a dedicated risk manager to ensure that a high priority is placed on all operational aspects of risk management, control and compliance.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

5. Financial risk management (continued):

B. CREDIT RISK:

Credit risk is the risk that the Corporation will suffer a financial loss due to a third party failing to meet its contractual obligations to the Corporation. Credit risk arises principally from the Corporation's trade receivables, net win less commissions outstanding, gaming cash floats and cash and cash equivalents.

Trade receivables, net win less commissions outstanding and gaming cash floats

The major third parties transacting with the Corporation, which include lottery retailers and gaming facility service providers, require registration with Gaming Policy and Enforcement Branch (GPEB) before doing business with BCLC.

The Corporation is not materially exposed to any one individual lottery retailer. The objectives of the Corporation's lottery retailer credit policies are to provide retailers with adequate time to sell lottery products before payment is requested, while not exposing the Corporation to unacceptable risks. Credit assessments may be completed for new retailers (with the exception of registered charities), retailers who have experienced insufficient fund occurrences or where there is a concern that a retailer might be experiencing financial difficulties.

Security is obtained from lottery retailers who are considered high financial risks or from lottery retailers where minimal credit information is available. Security may include Irrevocable Standby Letters of Credit, security deposits, or personal guarantees. The Corporation may secure net win less commissions that would be outstanding from gaming facility service providers through security deposits or Irrevocable Standby Letters of Credit. This security also covers gaming cash floats owned by the Corporation and provided by the Corporation to certain gaming facility service providers. While the Corporation is materially exposed to two different gaming facility service providers, their letters of credit and daily cash sweeps made by the Corporation mitigate the risk of material default for financial assets owned by the Corporation.

The Corporation's PlayNow.com sales are paid in advance through credit card, debit card, or online bill payment transactions.

As at March 31, 2015, the net win less commissions owing to the Corporation from the two largest gaming facility service providers accounts for \$8,255 (2014: \$8,685) of the accounts receivable carrying amount.

5. Financial risk management (continued):

B. CREDIT RISK (continued):

Trade receivables, net win less commissions outstanding and gaming cash floats
(continued)

The maximum exposure to credit risk for trade receivables, net win less commissions outstanding and gaming cash floats at the reporting date by type of debtor is represented by the carrying amounts less any Irrevocable Standby Letters of Credit or security deposits. These amounts are listed as follows:

	2015	2014
Maximum exposure	\$ 82,303	\$ 79,443
Collateral	(64,698)	(60,948)
Net exposure	\$ 17,605	\$ 18,495

Normal credit terms for trade receivables or net win less commissions outstanding are within 30 days. As at March 31, 2015 and 2014, there were no trade receivables or net win less commissions outstanding more than 60 days.

Cash and cash equivalents

Cash and cash equivalents, excluding gaming cash floats, are held with banks and counterparties which have high credit ratings and minimal market risk. Cash equivalents are limited to short-term debt securities with minimal market risk. Given these high credit ratings, management does not expect any counterparty to fail to meet its obligations.

The Corporation has a formal policy and guidelines in place for cash equivalents that provide direction for the management of the Corporation's funds with respect to the allocation of responsibilities, investment objectives, asset allocation, allowable fund holdings and investment constraints, and performance standards.

A policy has been established that outlines various asset mix range percentages for low risk investments restricted to short-term pooled money market funds or bond investments.

The maximum exposure to credit risk for cash and cash equivalents, excluding gaming cash floats, is represented by the carrying amounts at the reporting date (note 6).

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

5. Financial risk management (continued):

B. CREDIT RISK (continued):

Concentrations

The Corporation has significant business arrangements with two gaming facility service providers which account for the majority of its casino and community gaming business. The Corporation also has arrangements with other gaming facility service providers and approximately 3,900 lottery retailers. Credit risk related to service providers or lottery retailers is mitigated through Irrevocable Standby Letters of Credit or security deposits, as well as by the distribution of risk across a large number of lottery retailers.

The Corporation has a number of business relationships with suppliers of goods and services. Among these are arrangements for ticket printing, as well as critical gaming hardware and software. In addition, the Corporation maintains a significant number of other relationships with suppliers of goods and services which are within the normal parameters of the Corporation's business and the gambling industry.

C. LIQUIDITY RISK:

Liquidity risk is the risk that the Corporation will not be able to meet its financial obligations as they become due.

To manage cash flow requirements, the Corporation has a short-term financing agreement with the Government of British Columbia under its Fiscal Agency Loan (FAL) program. Under this agreement, the Corporation may borrow up to \$250 million. In making a loan to the Corporation, the Government of British Columbia uses reasonable efforts to comply with the borrowing requirements of the Corporation by supplying funds at market rates; however, the interest rate on any loan will be determined at the sole discretion of the Government of British Columbia. Loans are unsecured and there are no pre-established repayment terms. The terms are set by the Government of British Columbia each time a loan is requested under this agreement. To date the durations of the loans have not exceeded 90 days.

The Corporation also has a \$10 million unused demand operating credit facility with a Canadian commercial bank that is unsecured. Interest is payable at the bank's commercial prime lending rate (2014: prime rate).

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

5. Financial risk management (continued):

C. LIQUIDITY RISK (continued):

The Corporation's Finance division manages liquidity risk by forecasting and assessing actual cash flow requirements on an on-going basis, as well as by planning for short-term liquidity with investment maturities chosen to ensure that sufficient funds are available to meet the Corporation's financial obligations.

Invested funds represent temporary cash surplus balances resulting from unclaimed prize money and money from normal operations held in advance of its transfer to the Government of British Columbia (note 15). As a result of fluctuating cash flow requirements and to minimize financial risk, the Corporation maintains a high degree of liquidity.

The contractual maturities of all financial liabilities as at March 31, 2015 and 2014 are three months or less, except for \$21,400 (2014 - \$22,800) which matures greater than three months but less than twelve.

D. MARKET RISK:

Market risk is the risk that changes in market prices will affect the fair value of or future cash flows from a financial instrument. Market risk includes currency risk, interest rate risk and other market price risk. BCLC is exposed to interest rate risk which is described below.

Interest rate risk

The Corporation is exposed to interest rate risk through its short-term financing agreement with the Government of British Columbia. The terms are set by the Government of British Columbia each time a loan is requested under the FAL agreement. The terms are determined based on market conditions available at that time.

The Corporation mitigates this risk by borrowing the minimum amount necessary from the Government of British Columbia.

The Corporation's interest-bearing assets are typically invested for short periods due to liquidity considerations. As a result, exposure to interest rate risk is minimized for these assets.

5. Financial risk management (continued):

D. MARKET RISK (continued):

Interest rate risk (continued)

The Corporation's interest-bearing financial instruments at the reporting date are as follows:

	2015	2014
Canadian money market fund (overnight deposit) (fixed-rate instruments)	\$ 23,686	\$ 19,168
Short-term financing (fixed-rate instruments)	(140,080)	(154,926)
	\$ (116,394)	\$ (135,758)

Sensitivity analysis

The Corporation does not account for any fixed-rate financial instruments at fair value through income; therefore, a change in interest rates at the reporting date would not affect net income. A change of one per cent in interest rates at the reporting date would have increased (decreased) the deficit by \$1,164 (2014: \$1,358).

E. FAIR VALUES:

The carrying amounts of financial assets and financial liabilities not classified as fair value through income approximate their fair values at the reporting date. This is due to the relatively short periods to maturity of these items or because they are due on demand.

5. Financial risk management (continued):

F. OFFSETTING:

The carrying amounts of recognized financial instruments that are set off in the consolidated statement of financial position are as follows:

As at March 31, 2015	Gross financial assets set off	Gross financial liabilities set off	Net financial assets	Related financial assets not set off	Net amount
Accounts receivable					
- Lottery retailers	\$ 30,878	\$ (10,546)	\$ 20,332	\$ -	\$ 20,332
- Gaming facility service providers	34,871	(18,115)	16,756	-	16,756
- Other	-	-	-	2,827	2,827
	\$ 65,749	\$ (28,661)	\$ 37,088	\$ 2,827	\$ 39,915

As at March 31, 2015	Gross financial assets set off	Gross financial liabilities set off	Net financial liabilities	Related financial liabilities not set off	Net amount
Accounts payable, accrued liabilities and other	\$ 672	\$ (1,657)	\$ (985)	\$ (79,611)	\$ (80,596)

As at March 31, 2014	Gross financial assets set off	Gross financial liabilities set off	Net financial assets	Related financial assets not set off	Net amount
Accounts receivable					
- Lottery retailers	\$ 21,315	\$ (1,060)	\$ 20,255	\$ -	\$ 20,255
- Gaming facility service providers	31,958	(17,256)	14,702	-	14,702
- Other	2,246	(637)	1,609	1,593	3,202
	\$ 55,519	\$ (18,953)	\$ 36,566	\$ 1,593	\$ 38,159

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

6. Cash and cash equivalents:

	2015	2014
Gaming cash floats	\$ 42,388	\$ 41,284
Funds held for security deposits	5,503	5,373
Funds held for player accounts	4,273	3,966
Canadian money market fund (overnight deposit)	23,686	19,168
Cash and cash equivalents in the statement of financial position	75,850	69,791
Cheques issued in excess of funds on hand in the statement of financial position	(1,239)	(1,695)
Cash and cash equivalents in the statement of cash flows	\$ 74,611	\$ 68,096

Gaming cash floats are owned by the Corporation and provided by the Corporation to its gaming facility service providers for gaming bankrolls (as specified under the operating service agreements). These floats are located at the gambling locations and are not available for other purposes.

Funds held for security deposits include security deposit amounts provided by lottery retailers and gaming facility service providers to the Corporation. These funds are deposited into a separate bank account. All security deposit amounts are internally restricted by the Corporation exclusively for funding the security deposit liability. A corresponding security deposit liability in the amount of \$5,503 (2014: \$5,373) is included in accounts payable, accrued liabilities and other.

Funds held for player accounts represent funds provided to the Corporation through player accounts on PlayNow.com. These amounts are deposited into a separate bank account and are internally restricted by the Corporation exclusively for funding the player accounts liability. A corresponding player account liability in the amount of \$4,273 (2014: \$3,966) is included in accounts payable, accrued liabilities and other.

Select casino service providers are responsible for holding and accounting for player funds held in Patron Gaming Accounts (gaming accounts). These gaming accounts are accounted for in accordance with the casino and community gaming centre standards, policies and procedures under the supervision of the Corporation, as well as in accordance with the regulations of GPEB. No amounts are recorded in the Corporation's financial statements for these gaming accounts. The casino service providers are legally liable for these gaming accounts that hold player funds.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

7. Accounts receivable

	2015		2014
Trade receivables and net win less commissions outstanding:			
Lottery retailers	\$ 20,332	\$	20,255
Gaming facility service providers	16,756		14,702
	37,088		34,957
Other	2,827		3,202
	\$ 39,915	\$	38,159

8. Inventories:

The major components of inventories are as follows:

	2015		2014
Slot machine spare parts	\$ 3,360	\$	1,794
Instant tickets	4,442		3,435
Other	1,241		2,012
	\$ 9,043	\$	7,241

For the year ended March 31, 2015, inventories recognized as an expense amounted to \$15,446 (2014: \$21,005) which includes write-downs of inventories to net realizable value of \$1,832 (2014: \$5,330).

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

9. Employee future benefits:

	2015	2014
Net defined benefit asset (Plan A)	\$ (2,645)	\$ (17,836)
Net defined benefit liabilities (Plans B and C)	81,994	65,404
Net employee future benefits	\$ 79,349	\$ 47,568

The Corporation contributes to and controls the following post-employment defined benefit plans:

Registered Pension Plan (Plan A)

Plan A is a registered pension plan in the Province of B.C. under the *Pension Benefits Standards Act (British Columbia)* (PBSA). Plan A entitles an employee to receive an annual pension payment after retirement based on length of service and the average of the 60 consecutive months of highest pensionable earnings, and covers substantially all of the Corporation's employees. The pension benefits are partially indexed for inflation after retirement.

Supplementary Pension Plan (Plan B)

Plan B covers employees designated by the Corporation. The pension benefits under Plan B provide designated employees a top-up to Plan A benefits to the extent, if any, that they are limited by the *Income Tax Act* maximum pension rules.

Non-Pension Post-Employment Plan (Plan C)

Plan C covers substantially all of BCLC's employees for post-employment medical, dental and life insurance benefits.

The Pension Committee has been established by the Corporation to have primary responsibility for the administration and oversight of the plans, and to perform certain delegated responsibilities of the Corporation as plan sponsor in relation to the plans.

These plans expose the Corporation to foreign currency risk, interest rate risk, longevity risk, inflation risk and other market price risk.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

9. Employee future benefits (continued):

A. FUNDING:

Plan A is funded by employee contributions, employer contributions and investment returns. The Corporation funds Plan A based on the advice of an actuary, in order to provide for the cost of the benefits accruing under the plan and for the proper amortization of any unfunded liability or solvency deficiency, both in accordance with the PBSA, after taking into account the assets of the plan, employee contributions and all other relevant factors. The actuarial assumptions used to determine funding requirements may differ from the assumptions herein.

If at any time the actuary certifies that the net assets available for benefits under Plan A exceed the actuarially-determined present value of the accrued pension benefit obligation, such surplus, or any portion thereof, may be used by the Corporation at its discretion to reduce its contribution obligations, subject to PBSA restrictions.

The Corporation expects to contribute \$14,200 to Plan A in the year ending March 31, 2016.

Plans B and C are unfunded; as such, the Corporation pays all benefits thereunder as they fall due.

C. PLAN ASSETS:

Plan assets are comprised of:

2015	Level 1¹	Level 2²	Total	Asset Mix
Equity securities				
Canadian equity	\$ 71,047	\$ –	\$ 71,047	29%
Global equity	82,853	–	82,853	34%
Investment funds				
Fixed income	11,050	–	11,050	5%
Debt securities				
Canada bonds	51,837	–	51,837	22%
Canada real return bonds	–	23,170	23,170	10%
	\$ 216,787	\$ 23,170	\$ 239,957	100%

2014	Level 1¹	Level 2²	Total	Asset Mix
Equity securities				
Canadian equity	\$ 64,537	\$ –	\$ 64,537	32%
Global equity	71,272	–	71,272	35%
Investment funds				
Fixed income	8,966	–	8,966	5%
Debt securities				
Canada bonds	35,032	–	35,032	17%
Canada real return bonds	–	20,503	20,503	10%
Cash and cash equivalents				
	695	–	695	1%
	\$ 180,502	\$ 20,503	\$ 201,005	100%

¹ The fair value of Level 1 assets is determined based on quoted prices in active markets.

² The fair values of Government of Canada real return bonds are determined based on price quotations. However, as the underlying market in which these instruments are traded is not considered active, the bonds are classified as Level 2 in the fair value hierarchy.

Plan contributions are invested in equities and bonds. With consideration to the long-term nature of the plan liabilities, and the shorter-term liquidity needs for payments to retirees, the Corporation has a general target allocation of 60 per cent equities and 40 per cent bonds. As a general policy, and in accordance with the relevant regulations, the Corporation has adopted the investment guidelines of the PBSA for defining permissible investment activities for money held in trust. Each investment manager is expected to actively manage Plan A's assets within the parameters of the strategic asset mix comprising 40 to 70 per cent equity securities, 30 to 50 per cent investment funds and debt securities and 0 to 10 per cent cash and cash equivalents.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

9. Employee future benefits (continued):**D. DEFINED BENEFIT OBLIGATION:**

i. Actuarial valuation and assumptions:

An actuarial valuation is required, at a minimum, every three years to assess the financial position of Plan A. The most recent actuarial valuation of Plan A for funding purposes was made by Mercer (Canada) Limited, an independent firm of consulting actuaries, as of December 31, 2013. The next required actuarial valuation will be made as of December 31, 2016. There is no statutory actuarial valuation requirement for Plan B and C; however, an actuarial valuation is completed every three years on Plan C. An actuarial valuation of Plan C was performed as of January 31, 2013.

The principal actuarial assumptions at the reporting date (expressed as weighted averages) were as follows:

	Plans A and B		Plan C	
	2015	2014	2015	2014
Discount rate:				
Defined benefit obligation	3.75%	4.65%	3.75%	4.65%
Benefit cost	4.65%	4.40%	4.65%	4.40%
Rate of compensation increase for the fiscal year	0.00%	2.06%	-	-
Future compensation increases	2.00%	2.25%	-	-
Inflation	2.00%	2.25%	-	-
Initial weighted-average health care trend rate	-	-	5.82%	5.93%
Ultimate weighted-average health care trend rate	-	-	4.50%	4.50%
Year ultimate reached	-	-	2029	2029
Assumed life expectations on retirement at age 65				
Current pensioners				
Male	23.0	22.9	23.0	22.9
Female	24.9	24.8	24.9	24.8
Retiring in 20 years				
Male	24.0	24.0	24.0	24.0
Female	25.9	25.8	25.9	25.8

9. Employee future benefits (continued):

D. DEFINED BENEFIT OBLIGATION (continued):

ii. Sensitivity analysis:

Changes at March 31, 2015 to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts as follows:

	Effect on the defined benefit obligation			
	2015		2014	
	Increase in rate	Decrease in rate	Increase in rate	Decrease in rate
Discount rate (1% movement)	\$ (51,606)	\$ 67,620	\$ (40,573)	\$ 52,908
Future compensation increase (1% movement)	8,092	(6,253)	4,450	(3,759)
Inflation (1% movement)	16,633	(15,103)	12,485	(11,401)
Health care cost trend rate (1% movement)	11,319	(9,050)	12,428	(9,537)
Future mortality (10% movement)	(5,968)	6,595	(4,392)	4,774

In practice, it is unlikely that one assumption would change, with all other assumptions remaining constant, since changes in some of the assumptions may be interdependent; however, this analysis does provide an approximation of the sensitivity of the assumptions shown.

iii. Maturity profile of plan membership:

The breakdown of the defined benefit obligation at March 31, 2015 (as a percentage of the total) in respect of active employees, former employees who have not yet started receiving a pension (deferred vested), and former employees and other beneficiaries receiving a pension (retirees), is as follows:

	Defined benefit obligation	
	2015	2014
Active members	49%	65%
Deferred vested members	5%	3%
Retirees	46%	32%
Total	100%	100%

At March 31, 2015, the weighted-average duration of the defined benefit obligation was 19.2 years (2014: 19.3 years).

Change in estimate

The Corporation reviews the estimated lives of its long-lived assets and related depreciation periods on an annual basis. During the year ended March 31, 2015, this review indicated the estimated depreciation periods of the Corporation's corporate information systems (included in corporate facilities, systems and equipment) were deemed to be longer than the previously assigned depreciation periods. As a result, effective April 1, 2014, the Corporation changed its estimate of the expected useful lives of these assets. The effect of this change in estimate is a decrease of \$5,182 in depreciation expense for the year ended March 31, 2015.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

15. Distributions to the Government of British Columbia:

In accordance with the *Gaming Control Act* (B.C.), net income in each fiscal year, after deducting contractual amounts due to the Government of Canada (note 16), is paid into the consolidated revenue fund of the Government of British Columbia in the manner directed by the Lieutenant Governor in Council. The Corporation's transfer to the Government of British Columbia occurs four weeks after each fiscal month-end. The Corporation does not retain any earnings.

16. Distributions to the Government of Canada:

The ILC makes inflation-adjusted payments to the Government of Canada as a result of an agreement between the federal and provincial governments following the withdrawal of the Government of Canada from the lottery field. The Corporation remits British Columbia's share of the above payments to the ILC.

17. Interprovincial Lottery Corporation:

The Corporation's share of the ILC prize and ticket printing costs for national games is recognized in prize expense and ticket printing expense, respectively, in accordance with the recognition of revenue. The Corporation's share of the ILC's interest income less operating expenses is included in other expenses in the consolidated statement of comprehensive income.

18. Commitments:**Operating leases**

Commitments for minimum lease payments in relation to non-cancellable operating leases for premises and vehicles are as follows:

2016	\$4,529
2017	4,264
2018	3,831
2019	3,504
2020	3,116
Thereafter	18,807

The Corporation leases its Vancouver office and warehouse space under operating leases. The leases commenced May, 2011 and have a term of 15 years. The lease payments are increased every five years by a predetermined amount as set out in the contract terms.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

18. Commitments (continued):

Operating leases (continued)

The Corporation leases a number of lottery retail locations under non-cancellable operating leases. These leases typically run for a period of five years. Many of these lease agreements include a base amount and an additional contingent rent amount based on sales volume of the retail location. In turn, the Corporation has entered into cancellable operating agreements with lottery retailers to operate these locations. These agreements have standard terms and are indeterminate in length. As part of the agreement to operate a location, the retailers pay contingent location fees that are reviewed, negotiated and adjusted as necessary.

The Corporation leases a fleet of vehicles under operating lease agreements. These leases generally have five year terms.

During the year ended March 31, 2015, \$20,043 (2014: \$19,075) was recognized as an expense in the consolidated statement of comprehensive income in respect of operating leases. The Corporation recognized income of \$2,643 (2014: \$2,727) in respect of rent under cancellable operating agreements with lottery retailers.

Capital commitments

As of March 31, 2015, the Corporation is committed to incur capital expenditures relating to property and equipment and intangible assets of \$22,016. These commitments are expected to be settled in the following year.

19. Contingencies:

The Corporation has been named as a defendant in several lawsuits as well as other disputes in the ordinary course of business. A provision is recognized only when it is probable that there will be an outflow of economic benefits and the amount can be estimated reliably.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

19. Contingencies (continued):

The Corporation periodically enters into agreements with suppliers that include limited indemnification obligations. BCLC is required to have all indemnification obligations approved by the B.C. Government Risk Management Branch. These indemnifications are customary in the industry and typically require the Corporation to compensate the other party for certain damages and costs incurred as a result of third-party claims. The nature of these agreements prevents the Corporation from making reasonable estimates of the maximum potential amount it could be required to pay its suppliers. Historically, the Corporation has not made any significant indemnification payments under such agreements and no amount has been accrued in the consolidated financial statements for these indemnifications.

20. Related party transactions:

BCLC is a wholly-owned Crown corporation of the Government of British Columbia.

All transactions with the Government of British Columbia ministries, agencies and Crown corporations occurred in the normal course of operations and are at arm's length, which is representative of fair value.

Key management personnel have been defined as the members of the Board of Directors, the President & CEO, and the Corporation's Vice-Presidents. The compensation for key management personnel is shown below:

	2015		2014
Short-term employee benefits	\$ 2,209	\$	2,982
Pension and post-employment benefits	186		403
Termination benefits	194		–
Other	(48)		48
	\$ 2,541	\$	3,433

The Corporation contributes to defined benefit plans. Transactions with these plans are disclosed in note 9. Other related party transactions have been disclosed in note 15.

British Columbia Lottery Corporation

Notes to the Consolidated Financial Statements (continued)

Year ended March 31, 2015

(in thousands of Canadian dollars)

21. Indirect tax expense:

As a provincial gaming authority, BCLC is a prescribed registrant under the *Games of Chance Goods and Services Tax (GST)/Harmonized Sales Tax (HST) Regulations* of the *Excise Tax Act* (the Regulations). The Corporation makes GST remittances to the Government of Canada pursuant to the Regulations. The Corporation's net tax for a reporting period is comprised of net tax attributable to both gaming and non-gaming activities. Imputed tax on gaming expenses is calculated according to a formula set out in the Regulations resulting in the direct payment of additional GST at the applicable statutory rate. The net tax attributable to non-gaming activities is calculated similar to other GST registrants.

Provincial Sales Tax is calculated and remitted to the Province of British Columbia pursuant to the *Provincial Sales Tax Act*.

British Columbia Lottery Corporation

Statement of Severance Agreements

For the Fiscal Year Ended March 31, 2015

There were forty-six severance agreements made between the British Columbia Lottery Corporation and its non-unionized employees during fiscal year 2014/15.

These agreements represent from less than one month to eighteen months compensation.*

* "Compensation" means salary based on length of service.
