GAME CONDITIONS**

PROLINE RETAIL SPORTSBOOK GAME CONDITIONS

1. Proline is governed by these Game Conditions and the Rules and Regulations Respecting Lotteries and Gaming, which include limitations of liability and are available online.
2. These Game Conditions include the following:
 - (a) the rules set out in section 1 through 68 (the “**General Rules**”);
 - (b) the definitions set out in Schedule A; and
 - (c) the Sports Betting Rules set out in Schedule B.
3. The Rules and Regulations Respecting Lotteries and Gaming are hereby incorporated by reference into these Game Conditions.
4. Proline is separate and distinct from PlayNow Sports, with its own set of terms and conditions. BCLC may, in its sole discretion, administer offers and promotions associated with Proline from time to time.
5. To the fullest extent permitted by law and without limiting any other section of these Game Conditions, BCLC may, at any time and at its sole discretion, take whatever measure(s) or action(s) it deems to be appropriate in the circumstances to help ensure: (i) the integrity of Proline; and/or (ii) that Proline is administered in accordance with BCLC’s interpretation of these Game Conditions.
6. BCLC may from time to time amend these Game Conditions.
7. If any provision of these Game Conditions is determined by a court of competent jurisdiction to be void or unenforceable, such determination will solely affect such provision and will not, in itself, render void or unenforceable the remaining provisions, but rather these Game Conditions will be construed as if not containing that void or unenforceable provision.
8. By participating in Proline the player is deemed to have accepted and agreed to these Game Conditions completely and unconditionally, including any special rules and conditions promulgated by BCLC periodically, including wager limits, claims rules, and pay-out rules, provided they are published by BCLC prior to taking effect.

Interpretation

9. In these Game Conditions, the terms:
 - (a) “includes” and “including” means “includes (or including, as applicable) without limiting the generality of the foregoing”;
 - (b) “wager” or “bet” have the meaning commonly assigned to them and are used interchangeably; and

**PROLINE RETAIL SPORTSBOOK
GAME CONDITIONS**

- (c) references to “governing body” means the official entity governing the Event, as determined by BCLC.
- 10. Unless the context otherwise requires, words importing the singular include the plural and vice versa, and words importing gender include all genders.
- 11. Any provision in these Game Conditions relating to discretion or determination is in BCLC’s sole and unfettered discretion or determination.
- 12. The headings in these Game Conditions are for convenience of reference only and do not affect the interpretation of these Game Conditions.
- 13. Any Market terminology will have the industry meaning to which it relates.

How to Participate

- 14. To participate, a player must generate a QR Code using the Website or the App and, prior to the commencement of the earliest Event, present it to an authorized retailer or, subject to availability, a Self-Service Terminal, along with the applicable payment. Upon presentation of the QR Code, payment, and validation of the wager by the Proline platform, a ticket will be issued showing the particulars of Selections, odds, the wager amount, wager ID, and other relevant information as determined by BCLC.
- 15. Odds and Lines are subject to change prior to the QR Code being presented to an authorized retailer or Self Service Terminal. The odds applicable to a wager will be the prevailing odds at the time the QR Code is presented, which will be displayed on the ticket.
- 16. The QR Code is not a ticket or a receipt. The QR Code is a bet slip and does not constitute a wager. The QR Code has no monetary value.
- 17. BCLC will make information on available wagers available on the Proline platform. To the extent there is a conflict in the information between the information on the Proline platform and BCLC’s computer system, the information in BCLC’s computer system shall govern.
- 18. Persons under the age of 19 are prohibited from participating in Proline.
- 19. Each player is prohibited from engaging in and is required to immediately notify BCLC upon becoming aware that another player is or may be engaging in, any form of collusion, cheating, fraud or criminal activity or otherwise exploiting an unfair advantage involving Proline. For the purposes of these Game Conditions, as examples only, collusion includes:
 - (a) having access to non-public/exclusive information related to an Event, or having the potential to impact the outcome of an Event or bet type, in respect of any Event overseen by the relevant Event governing body;
 - (b) having sufficient authority to influence the outcome of an Event (including, without limitation, athletes, coaches, managers and owners), in respect of any Event overseen by the relevant governing body;

PROLINE RETAIL SPORTSBOOK GAME CONDITIONS

- (c) being an owner of a governing body or a member team, in respect of any Event overseen by that governing body or any Event in which a member team of that governing body participates; or

20. BCLC may notify third parties which BCLC, in its sole discretion, determines to be appropriate in the event of any actual or suspected collusion, cheating, fraud or criminal activity by any player or the taking of any unfair advantage by any player, including appropriate law enforcement authorities and other third parties that BCLC determines to be appropriate (for example, police services, the Gaming Policy and Enforcement Branch, BCLC's third-party providers, Event governing bodies, operators/providers of sports betting platforms, and credit card issuers and brands).

Acceptance of Wagers

- 21. Wagers are accepted only on the available Events. BCLC may determine the Events and wagers available at its discretion.
- 22. BCLC reserves the right to limit the number of picks in a parlay, in its sole discretion.
- 23. Wagers may only be placed until the Event Cut-Off Time for Wagering, before a Result is known, or before a stage where the player could have any indication of the Result of the Wager, as determined by BCLC.
- 24. BCLC may, in its discretion, refuse to accept or limit wagers bearing any Selection or limit the Payout on any wager or aggregate wager, at any time and for any reason.
- 25. BCLC may, in its sole discretion, change or remove Events, Markets or Outcomes available without prior notice. Without limiting the generality of the foregoing, odds for any Event, Market, or Outcome are dynamic and are subject to change without prior notice.
- 26. Proline is offered through BCLC's authorized network. Participation through unauthorized means is prohibited and any wagers or bets placed through such unauthorized means are void.

- 27. The ticket, not the QR Code, is the only valid receipt and proof of payment for a wager. Tickets are only valid for the Events indicated on the ticket.
- 28. It is the player's responsibility to check the accuracy of their tickets.
- 29. In the event of a dispute regarding the accuracy of information on a ticket, all determinations of BCLC (based on the information contained in BCLC's computer system) shall be final and binding without right of appeal.
- 30. Vouchers printed by a Self-Service Terminal for non-played funds do not expire and may be redeemed at a retailer, subject to availability.

PROLINE RETAIL SPORTSBOOK GAME CONDITIONS

32. Tickets purchased at a retailer cannot be cancelled after 5 minutes have elapsed from the time of printing of the ticket.
33. Tickets purchased at a Self-Service Terminal cannot be cancelled.
34. Cancelled tickets are void.

General Settlement Rules

35. BCLC may Settle bets based on the official result published by the governing body at the time of Settlement, according to the statistics of BCLC's official data providers, or based on other information BCLC determines to be reliable. After Settlement, subsequent corrections, or amendments by the governing body to the Result may not apply. BCLC does not recognize protests, overturned decisions or amended Results.
36. BCLC may Resettle where BCLC determines there was an Error. In all cases, BCLC's decision to Resettle or not will be final.
37. Subject to BCLC's discretion to Resettle, once BCLC has entered the Result into BCLC's computer system it shall be final and binding, without right of appeal.

Errors

38. A number of circumstances may arise in the offering of a bet or wager, acceptance of a bet or wager by BCLC, or the awarding of a prize by BCLC, in each case in error (an "**Error**"). As examples only, Errors which may result in the voiding and/or Resettling of a wager may include:
 - a. where BCLC accepts a wager after the Event Cut-off Time for Wagering; after a Result is known; or at a stage where the player could have any indication of the Result of the wager;
 - b. data or information regarding an Event or Market is missing or incorrect, such as listing incorrect Event, Market or Selection details, such as competitors, home or away team, start time, Market name, Odds, spreads, totals or any index value;
 - c. where BCLC accepts a wager based on incorrect information provided by BCLC including, but not limited to, incorrect Outcomes, participants, location, date, time, lines or odds;
 - d. where BCLC Settles a wager with an incorrect Result or Payout; or
 - e. a malfunction of any computer system or lottery terminal, including Self-Service Terminals;

PROLINE RETAIL SPORTSBOOK GAME CONDITIONS

- f. if BCLC, in its sole discretion, believes that the integrity of an Event may have been called into question; or
 - g. where a player fails to comply with section 19 of these General Rules.
39. BCLC reserves the right to correct any Error in the manner that it deems appropriate in the circumstances, and BCLC's decision shall be final and binding.
40. Neither BCLC nor any of its employees, agents or service providers shall be liable for any loss or damage incurred by a player that results from any Error, including any loss of winnings that results from a forfeiture thereof by the player as a result of the Error.

Prize Claims

41. A valid ticket must be presented for all prize claims. In case of loss, complete or partial destruction of the ticket, or in general, when it is not possible to recover the winning wager, BCLC shall not be liable to pay such winnings, or to provide any other form of compensation.
42. Winning tickets expire and does not entitle the player to a prize if three hundred sixty-six (366) days have elapsed from the date of the last Event included in the wager.
43. BCLC reserves the right to not pay out on a wager or ticket if BCLC, in its sole discretion, has reasonable grounds to believe that a player has engaged or participated, at any time, in any form of collusion, cheating, unfair, fraudulent, or criminal activity in any way relating to Proline.
44. Subject to the Rules and Regulations Respecting Lotteries and Gaming, in the event that a wager is void, or deemed to be void, BCLC may, at its option: (a) void the affected Selections on a wager or ticket; or (b) void the entire wager or ticket, in which case BCLC may provide a refund in the amount paid for the void wager or ticket as set out in the Rules and Regulations Respecting Lotteries and Gaming.
45. Any purported Payout on a void wager or ticket without BCLC's authorization shall at all times remain the property of BCLC.
46. If a wager or series of wagers is accepted that is considered to provide guaranteed profits for the player (for example, wagering on separate wager types that cover the opposite probability range), then BCLC reserves right to either (i) Settle at the correct price, as reasonably determined by BCLC, or (ii) void any such wager placed.
55. If BCLC reasonably believes that the outcome of an Event or Market was not in conformance with the rules or regulations of the governing body for that Event or that there are questions relating to the integrity of an Outcome, BCLC reserves the right to suspend payments relating to that Event or Market until the resolution of BCLC's concerns.
56. BCLC reserves the right to delay or withhold payment during an investigation of a Payout or potential Payout, in its sole discretion.

PROLINE RETAIL SPORTSBOOK GAME CONDITIONS

Payout and Bet Limits

60. BCLC reserves the right to determine the maximum bet amount or Payout amount on any wager or wagers.
61. The total amount of prizes that may be won by a player on any Calendar Day, or on any combination or wager a player bets on, is limited to \$250,000.00 (two hundred and fifty thousand dollars) (the “**Payout Limit**”).
 - a) With respect to the Payout Limit applicable to any combination or wager, for clarity, this means the maximum payout for any wager by a player is limited to the Payout Limit, regardless of the date of redemption. As an example only, if a player places a wager on Teams A & B in a parlay to win \$250,000.00, and if that player has multiple tickets for that same wager on Teams A & B, that player may only redeem one winning ticket for that wager, regardless of the redemption date.
62. The maximum amount that could potentially be won at the time the wager was placed, if not for the Payout Limit may be shown when placing the bet. The onus of responsibility rests firmly with the player to stay within the limits and to account for the Payout Limit across all bets placed. Players waive any claim to amounts in excess of the Payout Limit.
63. Where BCLC has reason to believe players may be colluding or otherwise collaborating to obtain a Payout in the aggregate amongst such players which exceeds the Payout Limit, BCLC may, at its discretion, cancel such wagers or tickets.
64. Maximum bet limits may vary on an individual basis, and by Sport, league or Selection. BCLC reserves the right to manage liability by limiting the amount that can be wagered on a given Event.

Results and Data

65. Results are entered into BCLC’s computer system as soon as Events have concluded, provided that if there is any ambiguity or any other concerns with respect to a Result, BCLC reserves the right to withhold entering of a Result until the resolution of its concerns.
66. Information displayed on the Website or the Apps, such as current scores, time elapsed, is provided from a live feed supplied by a third party and may be subject to time delay, inaccuracies, or other deficiencies. BCLC is not liable for any loss or damage, directly or indirectly, suffered by a player as a result of such deficiency.
67. In all cases, data registered in BCLC’s computer system prevails over any other data regarding the validity of any wager. BCLC assumes no responsibility for any conflict between, or errors or omissions in the ticket, and shall rely solely on the information recorded in BCLC’s computer system for determining how Payouts will be awarded.

Effective Date

68. These Game Conditions come into effect on August 27, 2024 (or such later date as may be specified by BCLC).

SCHEDULE B – SPORTS BETTING RULES

1. General Provisions

- 1.1.1. In all cases of postponements, cancellations, suspensions and interruption of events, the local date and time of the Event prevails (local time). The official commencement of every Event is the last officially publicized time, either the one published in the Proline platform or the one subsequently officially publicized by BCLC. Any subsequent publication supersedes any previous publication and such subsequent publication shall be considered the new official commencement time of the Event.
- 1.1.2. An Event will be considered cancelled (no action) in the following circumstances: (1) Events which were cancelled or postponed and were not held within 48 hours of the original start time.; (2) where there was a change of opposition; or (3) where there was a reversal of home and away team with the game simultaneously taking place in the away team's venue. Subject to any exceptions stated in the rules applicable to a specific Sport in which case such exception shall govern.
- 1.1.3. If an Event starts before the Event Cut-off Time for Wagering for that Event or were placed on an Event whose Result was already determined, then all wagers that include this Event will be voided and refunded to the player.
- 1.1.4. If an Event or Market is suspended before the conclusion of regular time, and the rest of that Event is not played within the next 48 hours, then all wagers involving this Event will be voided and refunded unless it includes a wager whose Result has already been determined (i.e. wagers that have a Result that would not change if the game was concluded) in which case the wager will be valid only with respect to the Result that has been determined, subject to any exceptions stated in the rules applicable to a specific Sport in which case such exception shall govern.
- 1.1.5. If an Event is suspended before the conclusion of regular time, and is concluded from the time of the suspension within the next 48 hours, then all wagers placed on this Event are valid for the official result declared at the conclusion of the Event.
- 1.1.6. If an Event is suspended before the conclusion of regular time, and is restarted from the beginning within the next 48 hours, then all wagers on the suspended Event will be voided and refunded (irrespective of the time they were accepted), except in the instance of wagers whose Result has already been determined (i.e. wagers that have a Result that would not change if the game was restarted) in which case the wager will be valid only with respect to the Result that has been determined).
- 1.1.7. For every wager type involving three choices (including but not limited to; for example, soccer "Match Winner"), there could arise a "Double Chance" wager type with odds for every combination of two (2) from the three (3) eventualities. For example, considering three eventualities A, B, C, the corresponding Double Chances are: A or B, A or C and B or C. In all cases the respective provisions of the corresponding wager type involving three choices will apply for Double Chance as well. A, B, C will be represented a "1 or Home" a home team win, "X or Tie" as a tie result and "2 or Away" as the away team.
- 1.1.8. Where an Event has been cancelled and refunded and deemed no action, such as:

PROLINE RETAIL SPORTSBOOK GAME CONDITIONS

- a. postponements; cancellations; suspensions; early start to a match; a change of opposition;
- b. a reversal of home and away team with the event simultaneously taking place in the away team's venue, or
- c. where it is not possible for the event to receive a specific result,

then the following applies:

The Line that has such an Event will be valid if there is one remaining Event that is not cancelled and refunded. In the case where a wager includes only Events that have been cancelled and refunded, then the price of the Line is refunded to the player.

- 1.1.9. For wagers that require correctly predicting a finishing position or a range of positions (i.e. team, or athlete, or driver to finish first or within the range of 1-5 positions of a race or competition), if one or more teams (athlete or driver) occupy the same winning position of a wager and the events that win are more than the predicted ones, then the odds for wager settlement are calculated from the fraction derived from the division of the number of positions (winning choices) that need to be paid by the number of teams (athletes or participants) that occupy the same position. An exception to this rule is Sports or wager types that have different provisions as stated in their respective category, in which case these stated provisions supersede this rule. In all cases, the minimum odds that apply are equal to a refund. This also includes instances where a wager with two selections has been offered (for example but not exclusively head to head) and both participants achieve the same result. In that case, both Selections will be considered as winning, with their odds divided by two.
- 1.1.10. In certain cases, including where there may be an Error, BCLC, at its discretion, reserves the right to void and refund all bets placed on the error, or calculate winnings based on the average odds offered by at least three (3) leading wagering companies globally for the same wager or combination of wagers.
- 1.1.11. At its discretion, BCLC may void, deem no action, and refund certain wagers, including with Events for Sports not directly referred to in these Sports Betting Rules. Events may include those for promotional reasons (as examples only, refunding losing wagers that almost won, refunding wagers that lost after obvious referees' error), Events with uncertain results or wagers that were offered by mistake where the Event was cancelled before the event took place and without similar wagers being reoffered.
- 1.1.12. If the same Event is offered simultaneously-with different Event code numbers, BCLC has the right to cancel and refund wagers on all those Events, or to cancel all but one of those Events which remaining Event shall be valid for the wager.
- 1.1.13. In the case of a Dead Heat wager, the stake money is proportionately divided according to the number of Selections which had a Dead Heat result and are paid at full odds (the "**Dead Heat Rule**"). As an example only, if a Player places a \$10 wager on a Golfer to finish in the Top 5. That Golfer finishes in a tie for 5th with 5 other

PROLINE RETAIL SPORTSBOOK GAME CONDITIONS

Golfers. The \$10 wager is divided by 5 (number of Golfers involved in tie) and paid out at the price the bet was placed.

2. Wager Types

2.1. General Conditions

- a. The Selections chosen by the player create a wager to be paid out at the stated odds. Wagers are offered with fixed odds for every selection separately or for combination as chosen by the player. Odds are expressed by indicating a return relative to 100-unit base figure. Whenever there is a minus (-) that amount is wager to win \$100, where there is a plus (+) that amount is won for every \$100 wagered, i.e. odds of -150 means a wager \$150 to win \$100 (\$150 + \$100 a return of \$250); accordingly, odds of +310 means a wager of \$100 to win \$310 (\$310 + \$100 a return of \$410). The BCLC has the right to change odds at any given time.
- b. All Settlements are based on results and statistics provided by the relevant league or Event's governing body, as determined by BCLC.
- c. In the event, for whatever reason, there is a material change of the game format of a certain Event compared to the originally planned one based on the relevant competition and stage (for example, a best-of-5 tennis game finally played as best-of-3, a soccer game played in 3 periods of 30 mins, a 4 quarter basketball game played in two halves, etc.), BCLC reserves the right to refund all wagers for that Event.
- d. In the event of an early start to a game which is not offered as in-game (i.e. a game is found out to have started earlier than wager acceptance was allowed) then all Selections on that game from wagers received after actual start time will be Settled as void.

2.2. Wager Types

BCLC may offer the following types of wagers:

2.2.1. Money Line

A Money Line or straight up wager is a bet on the outright winner of the game or event without any point spread odds. It can be available pre-game or in-game for a sporting event.

2.2.2. Point Spread/Handicap

A Point Spread Wager is when a plus or minus Handicap (line) is assigned to either team and then it is added or subtracted to each final score to determine the winner. The Point Spread represents the margin of points in which the favored team must win by to "cover the spread". It can be available pre-game or in-game for a sporting event.

2.2.3. Total Over/Under

Total Over/Under Wagers are placed on a line set by the Operator that is the total combined score at certain points during the game, including any extra time added if the score was tied at

PROLINE RETAIL SPORTSBOOK GAME CONDITIONS

the end of regulation time. In a Total Over/Under Wager, a Player predicts the score to be lower or higher than the set line to win the Wager. It can be available pre-game or in-game for a sporting event.

2.2.4. Head to Head

Head to Head Wagers are available for games or events in which a direct comparison can be made between two teams or two individual participants in a game or event.

2.2.5. Odd/Even

Odd/Even involves predicting whether the total points scored in a game or event will be an odd or even number. This Wager can be offered for an individual team separately, or for a specified period of the game, or for any combination of team and period in which case the prediction will only involve the score in these specific periods. In all circumstances, zero (0) is considered to be an even number.

2.2.6. Proposition "Prop" Wagers

Proposition Wagers are wagers on a specific outcome during an event that does not relate to the final score. They may be offered as "Team Props," "Player Props" and "Special Props."

2.2.7. Futures/Outrights

A Future Wager is a Money Line type of wager and is a wager placed on a game or event typically held far in advance such as which team will win a championship or series.

2.2.8. Single Wager

A Single Wager is the most commonly used wager type. It is a straight bet based on the outcome of an event. Winnings are calculated by multiplying the odds of the selection by the stake.

2.2.9. Parlay Wager

Parlay Wagers combine multiple individual Wagers into one Wager on a single ticket. The total odds in a Parlay Wager are calculated by multiplying the odds of all the individual picks. To win a Parlay Wager, each of the individual Selections in the parlay must win. If one individual Selection is lost, then the entire Parlay Wager is lost. As examples only, if a player has selected four Events on a Wager and one Event is postponed or cancelled, the parlay becomes a three-selection Parlay Wager on the remaining Events. If a player has selected two Events on a Parlay Wager and one Event is postponed or cancelled, the parlay becomes a straight Wager on the remaining Event. Parlay Wagers are accepted up to the Event Cut-off Time for Wagering of the first Event chosen by the player in the Parlay Wager, as validated by the Proline platform and set out on the ticket.

a) Round Robin or System Wagers

Round Robin or System Wagers is a type of Parlay Wager that requires at least two or more Selections on a single ticket. Round Robin or System Wagers can return winnings without all Selections on the ticket being correct.

PROLINE RETAIL SPORTSBOOK GAME CONDITIONS

A normal System Wager produces all possible combinations from the selections involved. For example, a system bet 2,3,4 from 4 selections (let's call them A, B, C, D) will produce all available doubles (6), trebles (4) and fourfold (1).

Fourfold:

A, B, C, D

b) Banker Bets

A "**Banker Bet**" is a type of System Wager. By selecting a banker in a system, you are making this selection mandatory for all combinations. If your banker loses, then the entire bet loses. The combinations of your selections that do not include the banker are not part of the bet. In the same scenario as above, 4 selections A, B, C, D, system 2,3,4 with A as a banker, all combinations from B, C, D (without A) are excluded from the bet. Those are your bet parts:

Doubles:

A, B
A, C
A, D

Treble:

A, B, C
A, B, D
A, C, D

Fourfold:

A, B, C, D

The same is applied if more than one banker is selected, all system combinations include all bankers and if any of the bankers loses, then the entire bet loses. If a banker selection becomes void, then for the system settlement purposes it is considered a won selection with odds of 1.00.

c) Same Game Parlay Wagers

 - iii) If the playing schedule is different from the above stated, all bets are void

- 17.1.7. For clarity, BCLC will consider the VAR as having been used if it may be implied from the referee's gestures (e.g. hand gestures or stopping the match to review the incident themselves) or VAR usage is confirmed by the match report issued by the official governing body who is ultimately responsible for oversight of the applicable match. In cases where it is unclear whether the VAR has been used due to missing TV coverage or conflicting reports, BCLC will Settle the bets in its discretion based on the information acquired from feed providers and generally reputable online sources.

- ii) It is not a tackle, when a player cuts out a pass by any means.

- 17.1.16. A 'Block' occurs where a player blocks a shot on target from an opposing player.

23. Parlay Cards

23.1. Definition of Parlay Card Wagering:

Parlay Card wagering is a combined wager on three or more different events. In order to win the entire parlay card wager, each of the individual wagers in the parlay card must win. If one individual wager is lost, then the entire parlay card wager is lost. The pay-out calculation of parlay cards wager is fixed based on the pay-out table published. If an event is postponed or cancelled, the pay-out will be lower. For example, if a player has five-selections and one of them is postponed or cancelled, the parlay becomes a four- selection parlay card wager. For a 3-selection parlay card wager if one or two selections are cancelled or postponed then the whole parlay card wager is refunded. If all events are cancelled, the whole parlay card wager is refunded. Parlay cards wagers offer a preselected list of wager types to choose from.
