9. PRIZES CLAIMS

Prizes must be accepted as awarded and must be claimed within one year following the Program Date listed on the ticket in the manner stated on the back of the ticket.

10. LIMITATIONS

- (a) BCLC may, at its sole and absolute discretion, deem any Proline Event listed on any Program to be cancelled and shall deem any Proline Event, the essential particulars of which were printed in error on any ticket or which did not occur as stated on such Program or commenced or was completed prior to the date and time shown on the Program, to be cancelled.
- (b) If there is a discrepancy between the preprinted Program and the computer system Program, the latter shall prevail.
- (c) In Baseball, a doubleheader means the same two teams play each other twice on the same day. When a doubleheader occurs, the first game of the doubleheader will always be the Proline Event, unless it is the continuation of a suspended ball game, in which case the second game – the regularly scheduled one – is the Proline Event that will be listed on the Program. Programs will show the game times of the events and if an event time changes the program will be updated to reflect the time changes. The game time displayed in the program will be for the originally scheduled game time. If a doubleheader is added for two teams matchup for that day, the time for the originally scheduled event will be updated to the time of the 1st event of the day. For tickets already printed, please note that time changes for the event can occur and will be reflected on the website whenever possible.
- (d) For Golf, the matchups entered are considered "Tournament Matchups" and are settled based on the winner being the player with the highest placing at the end of the tournament not including a playoff. 1st is considered the highest finishing position working backwards. If both players miss the cut, then the one with the lowest score will be deemed the winner. If a player completes more rounds than his opponent, that player is deemed the winner regardless of finishing score to par. If both players in the same matchup finish tied for 1st Place and a playoff is needed to decide a winner then, "Tie" will be the winner. If any player does not tee off in Round 1 of the tournament the TOTO dates align with, then the matchup will be graded with all three possible outcomes – Visitor, Tie, and Home.
