GENERATING WIN-WINS

WITH THE COWICHAN TRIBES

The Province of B.C. created BCLC 38 years ago with the purpose of giving back to British Columbians and to help communities grow. Since that time, thanks to our players, BCLC has delivered \$28 billion in net income to the province to support communities, provincial programs and essential services, charitable organizations and major events that have played a vital role in shaping the province. Municipalities and First Nations that host gambling facilities use their share of provincial gambling revenue to fund local projects such as the construction of new facilities, improvements to parks, road maintenance, and the implementation of grant programs that aim to enhance the well-being of the community.

Since 2007, Cowichan Tribes has received more than \$11 million in Host Local Government payments. Last year, Cowichan Tribes received \$1 million generated by Chances Cowichan to fund local initiatives in the community.

PLAYER HEALTH GAME BREAK

It's important to take breaks when gambling. It's a way to pause and regain perspective. However, when it becomes harder to fit in breaks and gambling just doesn't seem fun anymore, BCLC's Game Break program can be the first step towards getting help.

In January 2023, BCLC launched Game Break, a reconceptualized self-exclusion program with an active reinstatement process that strives to reduce stigma and empower individuals to make the right choices for themselves.

When a Game Break term is completed, individuals take part in an online program that encourages self-reflection and awareness before they return to gambling, if they choose to at all. If they are not ready, they have the option to extend their break.
