GENERATING WIN-WINS

IN KELOWNA

In 2022, the City of Kelowna allocated its share of provincial gambling revenue from hosting Chances Kelowna and Playtime Casino Kelowna to policing, public and community safety through its Community Safety Unit Initiatives.

Kelowna's Community Safety Unit received funds to support processes for restorative justice, used as an alternative to court for RCMP-referred minor offence first-time youth offenders, as well as the Kelowna Integrated Court. The Kelowna Integrated Court aims to improve access to health, social, and economic services for offenders, improve public safety, and hold offenders accountable for their actions in a timely manner. Funds also supported additional RCMP members.

PLAYER HEALTH GAME BREAK

It's important to take breaks when gambling. It's a way to pause and regain perspective. However, when it becomes harder to fit in breaks and gambling just doesn't seem fun anymore, BCLC's Game Break program can be the first step towards getting help.

In January 2023, BCLC launched Game Break, a reconceptualized self-exclusion program with an active reinstatement process that strives to reduce stigma and empower individuals to make the right choices for themselves.

When a Game Break term is completed, individuals take part in an online program that encourages self-reflection and awareness before they return to gambling, if they choose to at all. If they are not ready, they have the option to extend their break.
