## GENERATING WIN-WINS

# WITH THE KTUNAXA NATION

Municipalities and First Nations that host gambling facilities use their share of provincial gambling revenue to fund local projects such as the construction of new facilities, improvements to parks, road maintenance, and the implementation of grant programs that aim to enhance the well-being of the community.

## PLAYER HEALTH GAME BREAK

It's important to take breaks when gambling. It's a way to pause and regain perspective. However, when it becomes harder to fit in breaks and gambling just doesn't seem fun anymore, BCLC's Game Break program can be the first step towards getting help.

In January 2023, BCLC launched Game Break, a reconceptualized self-exclusion program with an active reinstatement process that strives to reduce stigma and empower individuals to make the right choices for themselves.

When a Game Break term is completed, individuals take part in an online program that encourages self-reflection and awareness before they return to gambling, if they choose to at all. If they are not ready, they have the option to extend their break.
